REPATRIATION:

IT CAN BE DONE!

MOST people believe that to allow large scale coloured immigration into this country was a disastrous mistake. Many, however, have been persuaded by the politicians that now the Immigrants are here they must be integrated into British society as there is "nowhere else to go."

This is quite wrong.

A great many of the Immigrants can be repatriated to the countries from which they originally came. The remainder can be **resettled** in other countries of the Third World.

In 1966 the government of India and Ceylon (now Sri Lanka) concluded an agreement under which about half a million Indians resident in the latter country would be repatriated to India over a period of 4 years.

Some of these Indians are descendants of families that have been in Ceylon since 1823.

During the 19th Century great numbers of Indians went to Ceylon to work on tea plantations. The Indians in Ceylon therefore have much deeper roots there than the coloured immigrants in Britain.

Under this agreement the Indian Government set up numerous rehabilitation schemes, including training programmes for the types of work which the repatriated persons would perform when they arrived in India.

Allocations of land were made to repatriates in Southern India and in the Adaman and Nicobar Islands, where there has been a shortage of skilled labour.

Sri Lanka is barely more than a quarter the size of Britain and her resources are minute in comparison with ours, yet she has been quite able to undertake a resettlement programme of this size.

ECONOMIC LEVERAGE

Can Britain persuade countries to accept her immigrants? Two countries need no persuading; they have already agreed.

Some years ago the Government of Guyana announced that they wanted immigrants and would take all those that Britain could send them.

Then the Indian Government acknowledged that ultimately it accepts responsibility to admit all people of Indian nationality or descent who have no other country to which they can go.

Other countries can be persuaded to accept quotas of immigrants by the simple method of economic leverage.

Britain currently gives about £600 million a year in economic aid to the 'underdeveloped countries', the very countries in which we want to resettle our immigrants. She also has a large trade with these countries in such things as minerals, rubber, tropical fruits and petroleum.

She could very easily use her economic influence with such countries to obtain agreements for resettlement.

What would it all cost?

Official figures state that there are currently "1¾ million" Immigrants in Britain. We believe the real figure is much higher. Supposing we take 4 million as being nearer the right number.

If this number were to be resettled over a period of 10 years, this would mean 400,000 a year.

AVOID RACE WAR

It should certainly be possible to charter special boats to carry the immigrants to their countries of destination at a cost of between £100 and £200 per head, depending on whether they were going to the Caribbean, Africa or Asia.

At the maximum of £200 per head this would mean a yearly expenditure of £80 million.

Even if this figure was then doubled to include resettlement grants for each family, it would still be a fraction of the amount spent yearly on overseas aid and on Britain's increasingly expensive 'community relations' programme — a programme that will not be needed once the immigrants have gone.

If the quota of 400,000 to be resettled each year were not capable of fulfilment and the process were therefore to take longer than 10 years, the cost per year would be reduced accordingly.

The pro-Immigrant Conservative, Labour, Liberal and Communist parties claim that repatriation would cause Immigrants "too much suffering".

We say that Immigration and the resultant multi-racial society is **already** causing terrible suffering — as seen in Bristol last year and Brixton last April — and unless repatriation is implemented we face the agony of Race War.

The so-called 'humanitarian' objections to repatriation are just a propaganda smokescreen employed to hide the cowardice or treason of Establishment politicians.

In fact repatriation is the only *humanitarian* way out of the mess which the Establishment politicians created!

BUT LABOUR SAYS: 'BRING IN 200,000 EXTRA ASIANS'

DESPITE the horrors of the recent Brixton and other associated race riots in London during April, the Labour Party has announced that a future Labour Government would bring into Britain an additional influx of Asians *extra* to the 'normal' Immigrant inflow.

There is a heated debate within the leadership of the Labour Party about these proposals — but not **whether** any more Asians should be allowed in, but **how many!**

As we reported in our last issue, Labour's Front Bench Home Affairs spokesman Roy Hattersley has declared that he believes that Labour's plan would "only" result in an additional Asian influx of some 72,000 persons.

However, the National Executive Committee of the Labour Party — a far more powerful influence within the party than the flatulent 'moderate' Mr. Hattersley — has issued a policy statement which states clearly that a future Labour Government would be prepared to take in 200,000 extra Asians.

The National Executive document states that there are about 200,000 citizens of the United Kingdom and Colonies who live neither in the UK nor Colonies but in independent Commonwealth countries and who have no other citizenship.

The document says that the 20,000 East African Asians living in India (their land of ethnic origin!) who are queuing to enter Britain should be given full British citizenship with the immediate right to enter.

CONFERENCE HOPE

It proposes that the only way to settle the problem of Asians with UK and Colonies citizenship who were not resident either in the UK or Colonies would be to call a Commonwealth Prime Ministers' Conference in the hope of negotiating for them citizenship of the countries where they presently reside.

"However," **it continues,** *"if, as is possible, the conference failed to reach agreement and left the status of a number of individuals without any other citizenship unresolved, we would, where necessary, restore their right lost in 1968 and admit them to the new United Kingdom citizenship."*

This, Labour's National Executive admits, would involve allowing into Britain an additional 200,000 Asians.

There can be no word to describe Labour's Plan — Hattersley's or the NEC's — other than **treason.** It is almost as if the Labour Party is not satisfied with the racial strife in Britain that is already blazing and wants to pile more logs onto the fire!

Keir Hardie, the founder of the Labour Party, who campaigned under the slogan "Britain for the British!" must be spinning in his grave!

BRIXTON AND THE 'BUSH FIRE' EFFECT

ONE important aspect of the Brixton riot which attracted little comment was its aftermath. The Press, anxious to portray the carnage as the result of "frustration against the Police in one area of particularly high unemployment," obviously felt it counter-productive to emphasise **how many** Black riots broke out almost immediately afterwards.

Two days after the Brixton eruption, rioting spread to Clapham, South London, three miles away. 150 Blacks went on the rampage, smashing windows and looting in the High Street. One Police constable was shot.

The following day, the 13th April, Black mobs took to the streets in Thornton Heath, South London, and stoned Police cars. A day later, the rioting had spread to Middlesex, where bricks were hurled at Police by knife-wielding Blacks.

Six days later cars were overturned, 20 shops wrecked and looted and 16 Policemen injured in Forest Gate, East London, by rampaging West Indians chanting: "Brixton! Brixton!" An even bigger riot occurred at Finsbury Park, North London, when hundreds of Blacks went on a berserk orgy of racial violence.

Black rioting does not break out in particular places for particular reasons. It is the inevitable product of multi-racialism. It can – and will – break out anywhere. And when it does it spreads like bush fire. Nowhere is safe.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful – only "racial hatred".

THE I.R.A. ARE NOT "HEROES" – THEY ARE . . .
SUB-HUMAN MONSTERS

These are the six IRA sub-humans who crept into The Mulberry Bush and the Tavern-in-the-Town pubs in Birmingham on 21st November 1974 and left behind incendiary bombs which killed and roasted 21 innocent teenagers.

A regular sight in a Northern Ireland housing estate. An IRA gunman has just performed another doorstep shooting.

(Left) *A little boy maimed for life by an IRA bomb.* (Right) *The mother of a murdered Ulster Policeman is consoled by her orphaned grandson. Graveside grief is the IRA's gift to the innocent.*

BRITAIN is no nearer to winning the war against the IRA in Northern Ireland than when the current bout of troubles started ten years ago because Conservative and Labour politicians not only lack the will to win, they seek some sort of a "Surrender with Dignity" formula.

The traitors in Westminster hope that the majority of the population in Northern Ireland will lose their determination to remain British subjects in the face of IRA terrorism.

This is why our Army, instead of being ordered to root out and exterminate the IRA's few hundred leading vermin, maintain an "impartial peace-keeping role."

British subjects in Northern Ireland do not pay taxes and give their loyalty to the British realm in order that the armed forces of their realm shall treat them "impartially" when under attack from vicious alien enemies.

"IMPARTIAL"

The menfolk of Northern Ireland were not "impartial" when Britain faced mortal danger in the last two world wars! On the contrary, they paid a higher butcher's bill in those wars, proportionate to the size of their population, than any other population group in the UK.

If British governments cannot now repay the loyalty of our fellow subjects in Northern Ireland with vigour, then British governments cannot be expected to be loyal to anybody.

The very fact that the leading cadres of the IRA still live and breathe after eleven years of the most horrific criminality has convinced them that treason hovers in the air at Westminster and Whitehall.

That is the reason why the IRA is stepping up its campaign – not just of murder and terrorism, but of propaganda.

TRAITORS

Britain is losing the propaganda war against the IRA because the mass media of Britain is so infested with Communists and self-hating liberals that IRA spokesmen are familiar figures on our TV screens.

How would the British people have reacted during the last war if night after night Dr. Goebbels was invited by BBC interviewers to give his justification for Germany's war effort?

The lesson of all this is that our compatriots in Northern Ireland will never be safe from the IRA until the traitors this side of the water have been eradicated. This is the job which the National Front is determined to do.

This was once a human being – before an IRA firebomb exploded

AN I.R.A. PIG AND HIS STY

'GOOD riddance to bad rubbish.' That was the opinion of sane and decent people everywhere on hearing the news that IRA gangster Bobby Sands had finally claimed his Republican 'Slimmer of the Year' award and departed for the Great Easter Uprising in the Sky.

Sands was no "martyr". After spending most of his useless life helping to murder innocent people he was clapped in jail where the only person he had available to kill was himself.

On the right we picture the jail cell he occupied before his fast, which he decorated with his own excrement. We hope all IRA thugs follow his death-fast example.

N.F. LONDON VOTE HOLDS STEADY BUT SPLINTER GROUPS GET COME-UPPANCE

THE percentage of the vote obtained by National Front candidates in the 7th May Greater London Council election compared reasonably well with that obtained in the 1979 General Election.

The media hoped for a big drop in the NF vote by playing up the intervention of two splinter groups – the "National Front Constitutional Movement" and the "New National Front", but most patriotic voters were not fooled.

The NF contested 41 constituencies; the NFCM contested 27 and the NNF contested 18. The NF faced NFCM opponents in 9 constituencies and beat 8 of them. The NF faced NNF opponents in 5 constituencies and beat all of them.

The NF's 41 candidates attracted a total of 21,544 votes – an average of *525.6*. The NFCM's 27 candidates totalled 6,394 votes – an average of *236.8*. The NNF's 18 candidates totalled 5,877 votes – an average of *326.5*.

The best NF result was 1,006 votes, **6.32 per cent.**

The best NFCM result (Hackney Central) of 504 votes, **3.09 per cent,** was still not good enough to beat the NF candidate.

The best NNF result (Lewisham East) was 719 votes, **2.32 per cent.**

The **worst** NF result (Woolwich West) was 241 votes, **0.81 per cent.**

The **worst** NFCM result (Deptford) was 91 votes, **0.37 per cent.**

The **worst** NNF result (Ilford North) was 92 votes, **0.30 per cent.**

Only three NF candidates dropped below 1 per cent, compared to 16 NFCM and seven NNF candidates.

The NNF may attempt to construct a 'victory' from its pitiful performance by pointing out that its candidates often beat those of the NFCM!

SIGNIFICANT

But the only genuinely significant aspects of the NNF's results were that its best vote was only achieved in the absence of NF (and NFCM) competition, and that of its seven candidates who scored less than 1 per cent, *five* faced an NF opponent. Only *two* of its candidates achieved higher than 2 per cent.

In contrast, the NF achieved one 6 per cent plus, one 5 per cent plus, three 4 per cents plus, nine 3 per cents plus and seven 2 per cents plus.

IMAGE

The con-men and self-appointed mini-Fuhrers who set up the NFCM and the NNF shrilly claimed that the NF, with its "bad image" was "finished" and that they, with their "respectability" and "leadership" would forge ahead!

The Nationalist-minded voters of London have given their answer to such tripe. The total futility of the splinter groups is now plain for all to see. Splinter groups *always* fail.

The National Front, for all its shortcomings, is still the ONLY hope for sincere and practical Nationalists.

JEWISH ARSONIST CONVICTED

NOTORIOUS Jewish terrorist Manny Carpel, 37, was convicted at Lewes Crown Court on 13th April of burning down the print works of a firm that sometimes does work for the National Front.

Carpel broke into the Uckfield premises of Wilson Laminates on 5th November and nearly trapped himself in his Guy Fawkes night blaze.

Fortunately his car, bearing false number plates AH 88, was later monitored by Police and AA patrolmen and he was arrested early the following day.

Carpel pleaded guilty to the act of arson and was jailed for two-and-a-half years.

Through his Counsel, Mr. Leonard Krickler, Carpel attempted to 'justify' his terrorism by falsely claiming that the printers produced "virulent anti-semitic literature".

He was able to get away with the claim – and thus earn an extraordinarily light sentence – because the proprietors of Wilson Laminates were not invited to attend Court or advised to have legal representation at the trial! They were not even told the trial date!

Another interesting 'co-incidence' was that the trial date was set for the day before the Easter Bank holiday weekend, when no newspapers were printed.

Contrast this with the treatment of NF member Ken Matthews who last year was convicted after **failing** to burn down a Marxist/IRA 'Resource Centre' in Lambeth. He was sentenced to **six years** and his prosecution was attended by maximum publicity at every stage.

This contrast shows the extent of Zionist-Jewish influence over the legal system, the Police and the mass media.

TERRORIST RECORD

Carpel has been involved in terrorist activities since the 1960's when he was involved with the Zionist terrorist '62 Group'. He was involved in a raid on the HQ of Mosley's Union Movement during which office staff were tortured and equipment destroyed.

He was later involved with Gerry Gable (now a London Weekend TV journalist) in a documents raid on the home of historian David Irving.

On the night of 7th May (GLC Polling Day) the top floor of Excalibur House, the building in Hackney owned by NF Properties Ltd., was gutted by an arsonist. Police believe that the fire was "politically motivated".

BRIXTON: IT WAS A POGROM

"IT WAS not a race riot . . . the Blacks were only rioting against the Police . . . only a rebellion against authority . . . Whites involved as well . . . encouraged by Communist agitators."

These were all the excuses hastily trotted out by the media to con the British public that the terror of Brixton was not a race riot.

Before the smoke had cleared, apologists for multi-racialism were desperately trying to claim that Brixton's Blacks had turned only on the Police and not on Brixton's Whites in a vicious racial pogrom.

Now that it suited them, there were no media cries of 'McCarthyism!' as multi-racialist propagandists fell over themselves to make 'Communists' the scapegoat for the Black rioters.

But the truth about Brixton is that it was an anti-White pogrom.

The clearest evidence exists to show that it was the worst eruption yet of the race war in which 'Whitey' is the enemy.

JEWS PASSED OVER

Jewish shops were deliberately left alone, according to Brixton's Rabbi Philip Ginsbury, as the Black rioters went on an **anti-White** rampage.

Of course the Police, in attempting to contain the rioting, were in the front line of the battle. Of course, a handful of renegade White Communists joined in – self-hating agitators tolerated by the Blacks for the moment though regarded by them with contempt.

But it was a 5,000 strong Black mob (hardly "a tiny unrepresentative minority of Brixton's Black community") which attacked 'Whitey's' shops, pubs, homes, cars and womenfolk – as well as 'Whitey's' Police force.

Imagine the terror of 58 year old pub landlord Jack Old and his wife, Beatty. At the height of the rioting, 50 screaming Black youths burst into his pub, The George in Railton Road, poured petrol over him and tried to set him alight!

"Some of them grabbed me and poured petrol over my head," said Mr. Old, whose pub is now a burned-out shell. "They were holding a Molotov cocktail over me and striking matches to it, but they would not light."

SERRATED KNIFE

Mr. Old struggled free to find his wife in the bedroom, where enraged Blacks were stamping on her face as others searched for valuables.

One of her attackers threatened to hack off her finger for her wedding ring. "He had a serrated kitchen knife but he decided to take my watch instead."

"I asked one of them why they were doing it and he replied: 'You Whites have had it too long. We are going to have some of it now.' "

The Olds, who were robbed of £5,000 worth of jewellery, said: "We thought we were going to die. They were like uncontrollable animals."

Hundreds of other Whites were victims of the Black terror. White homes were deliberately burned, and firemen were frequently attacked as they fought the blazes.

Electronic engineer Derek Terrie returned home to find a gang of Blacks throwing Molotov cocktails through the windows.

"One of them turned to me and said: 'All right, White man?' "

OLD FOLKS' TERROR

49 year old Theresa Battersby nailed up the doors of her Brixton flat and wept as she recalled her terror during the riot. She said:

"A gang of coloured youths shouted that they were going to break into the flats and burn us out. There are a lot of elderly folk here, all White, and we were all sick with fright. I am terrified it will happen again and they will try and burn us out."

74 year old Mrs. Annie Collyer, landlady of the Windsor Castle pub in Brixton, telling of the race war that raged around her pub. Behind her firemen hose down the smouldering remains of her pub.

Mrs. Battersby's fears are justified. One Black rioter told an Indian journalist reporting the scenes of terror:

"There's going to be a lot more, a big lot more. We ain't kidding. We going burn 'em down, everything, everywhere."

74 year old White landlady of the Windsor Castle, Mrs. Annie Collyer, was dragged sobbing from the building by yelling Blacks before they set it on fire. The pub was totally destroyed. Witness Michael Heston had previously had his car stolen by a gang of Blacks who attacked him with iron bars and bricks.

Two young White students who tried to cycle out of the Railton Road area at the height of the rioting were stopped by a group of Blacks, threatened with knives and stripped of their wallets, watches and bicycles.

A White couple with two young children living just off Railton Road had their door kicked in by a mob of eight Blacks armed with knives who ransacked their home for money and valuables.

Policemen cower behind useless riot shields as the Brixton race war rages around the Windsor Castle pub. A group of officers at the corner of the pub are alight. The pub is already ablaze.

"This little lot has hit us harder than the Blitz, mate!" An elderly White Brixton resident surveys the rubble-strewn streets of his neighbourhood. He can remember when Brixton was once a respectable place.

BRUTAL RAPE

A 25 year old White woman was brutally raped during the worst rioting while alone in her flat in Chaucer Road. The woman was telephoning a friend warning her not to return to Brixton when the Black intruder, who had been involved in burning buildings, burst in and attacked her. Her flat was later looted of £700 worth of jewellery.

But if the media pretends it was not a racial battle, Brixton's White residents know better. Said one:–

"All we want to do is to get as far away from Brixton as we can. We shut the door, close the curtains and hope nothing will happen."

Said another:

"Smile at a young Black boy in the street, perhaps 10 years old, and he looks back at you with a look of just pure loathing. It's terrifying.

"Until now the Blacks' weapon has been knives. They are just beginning to get guns, and last night we had petrol bombs. We want to start a family, but I could not possibly have children here."

I.Q. TEST OF BLACKS IS BANNED

FEAR of yet further statistical proof of inherent mental backwardness of Blacks has led to the Government's scrapping plans for a national survey of Black school performance.

"Widespread opposition" to the plan from teachers and West Indian groups was the reason given for the halt to the survey.

Originally, the Assessment of Performance Unit of the Department of Education and Science was to have tested between 12,000 and 15,000 children, of whom a third would have been Black. The survey was planned because of "concern at under-achievement" by West Indian children.

The left-wing National Union of Teachers, which recently published an absurd propaganda booklet on racial equality in intelligence condemned by scientists like Professor Hans Eysenck, advised their members not to cooperate with the study.

EXCUSE

Their excuse was that the survey might appear to be "racially discriminatory" because it did not take into account children's backgrounds or school teaching methods.

West Indian groups denounced the survey as useless "until the Government improved social and educational conditions in multi-racial areas."

The real reason for the opposition to the survey, of course, is that, like all previous scientific studies of the intellectual performance of Blacks, it would have proved them to be far behind Whites.

Literally hundreds of separate investigations have proved the average Negro to be around 12 to 15 IQ points lower than Whites, regardless of socio-economic backgrounds.

SLOUGH HAS BRITAIN'S HIGHEST BLACK BIRTH RATE

NEARLY half the births in Slough are to Immigrant mothers, giving the town the highest coloured birth-rate in Britain.

43 per cent of births in Slough are coloured, which compares with 29 per cent in Bradford, 33 per cent in Birmingham, 36 per cent in Leicester, 21 per cent in Manchester and 29 per cent in Wolverhampton.

The shocking figure was the subject of a Commons speech by Tory MP for Beaconsfield, Ronald Bell, who accused the House of a "conspiracy of silence" on Immigration.

Said Mr. Bell:

"Immigration and the natural increase in the Immigrant-descended population are increasing the coloured population of this country by 110,000 a year.

"The White indigenous population is declining by about 110,000 a year. If nothing is done the result is calculable."

"CULTURAL ENRICHMENT"

WOLVERHAMPTON widow Violet Jones says she will defy Council bulldozers if a compulsory purchase order on her house goes ahead in order to make way for a Hindu temple.

Wolverhampton Council says Mrs. Jones' home and others in Short Street, Bilston, are "unfit for human habitation," but the real reason they want to demolish them is that Short Street has been promised to local Hindus for a new temple.

Mrs. Violet Jones told to make way for Hindu Temple

Says Mrs. Jones, 56: "I came here when I married my husband 35 years ago – and I never want to move. I am not biased, but I don't see why our homes should have to go for a temple."

The corrupt Wolverhampton Council claims that demolition is essential because Mrs. Jones' house would cost "thousands" to modernise.

This is very strange since the same Council gave a grant of nearly £10,000 towards the construction costs of yet another Hindu temple in Penn Road.

The fact that the affairs of the Shree Krishna Mandir temple were recently investigated by the Charity Commissioners and its committee resigned *en bloc* during examination of their accounts did not worry Wolverhampton Council.

Little wonder, therefore, that this generous Council (except in the case of improvement grants to Whites living in streets zoned for Hindu temples!) should have just doled out another £84,000 for a new 'Afro-Caribbean Centre' in Clarence Road.

Wolverhampton ratepayers (as well as residents of Short Street) will be interested to know that a further £30,000 a year is to be given towards running costs, and only a 'peppercorn rent' is to be charged for the first two years.

The affairs of Wolverhampton's 'Afro-Caribbean Centre' do not augur well if those of the Harambee Community Project in Islington are anything to go by.

The Harambee Project, run by one 'Brother Herman', received £250,000 from Islington Council and £36,000 from the Manpower Services Commission.

Brother Herman was recently committed for trial charged with fifteen counts of fraud and stealing £25,000.

Leicester Council are not awaiting the outcome of the trial before spending £200,000 on a West Indian project centre in the city.

ZIONIST ZAPPED BY ASIAN REDS IN BRENT LABOUR PARTY PURGE

JOHN LEBOR, the Zionist leader of the ruling Labour group on Brent Council, now regrets taking a recent holiday in Israel.

While he was away members of the Asian Labour Party Alliance – a Trotskyite faction – packed his re-selection meeting and sacked him!

This action was part of an Asian-Marxist campaign to wrest control of the Council away from so-called "moderate" Labourites. In view of who's who on the Council, such a campaign is tantamount to 'anti-semitism'!

Over the years the Zionist Labourites hoped to consolidate their grip on the Council by throwing ratepayers' money at the borough's diverse minority ethnic community and by persecuting the National Front.

The Immigrants have been given special clubs and training schemes. Cash grants have been awarded to various Immigrant organisations. The Council operates an employment policy which favours Immigrants, and refuses to hire any Council halls to the National Front.

Zionist Councillor John Lebor – ousted by Asian leftists while holidaying in Israel

None of this has impressed the Asians. The Asians are determined to grab every hand-out that comes their way while at the same time pursuing their objective of capturing control of the Council.

During recent months the Asian Labour Party Alliance has enrolled more than 700 Asians as members of Brent Labour Party – including whole families of illiterates!

It is ironic that the repulsive ex-Communist Lebor should be one of the first Establishment politicians to discover that the appeasement of Immigrants simply accelerates the process whereby the control of our country is surrendered to them.

As a Zionist-Jew, Lebor will be able to use Israel as his final bolt-hole when the coming racial catastrophe finally overtakes Britain. But what will we Gentiles do?

POLICE IN ANOTHER N.F. MARCH BAN FIASCO!

YET AGAIN the National Front has been able to evade a Public Order Act march ban imposed by the Police and the Home Office by staging an alternative march outside the banned area.

A 28 day ban throughout the Metropolitan Police area was imposed after the NF announced its intention of holding its annual St. George's Day march in Newham, East London, on Saturday 25th April.

Some 600 NF marchers were redirected to Bushey Station, South Watford, Herts – just 20 yards outside the Met's area!

No notice was given to the Hertfordshire Police as recent experience indicates that Chief Constables everywhere have been primed by the Home Office to ban NF marches regardless of public order considerations.

The march – on the theme "British Jobs for British Workers!" – was peaceful and orderly. Only two arrests were made.

One of the arrested persons was local Councillor Mike Jackson, Chairman of the Watford Labour Party and Secretary of the local Anti-Racism Committee.

During his arrest Jackson got a playful nip on the bum from a racist Police dog. The dog got an anti-rabies shot.

After the march had wended its way through Watford (*pictured above, right*) an open air rally was held which was addressed by NF Chairman Andrew Brons, NF Deputy-Chairman Richard Verrall, NF National Activities Organiser Martin Webster and YNF Organiser Joe Pearce.

A disgraceful aspect of the march ban on London was a decision to allow the Labour Party to hold its annual May Day march. Usually only religious processions are exempted from march bans.

MAY DAY FUN

About 100 NF members took a day off work on 1st May and, equipped with "British Jobs for British Workers!" placards, attempted to join the "Labour Movement" march at Clerkenwell Green.

But 4,000 Policemen and a helicopter had been mobilised to protect the Labour march from NF support, and NF members were threatened with arrest when they attempted to join it.

5,000 Labourites and Reds had been expected to join the march, but barely 1,500 did so – and they were swamped by their Police protectors, as our picture (*above left*) shows.

ASIAN MOBS IN ELECTION VIOLENCE

A POLICE trick designed to ingratiate them into the good books of the Asian community backfired in Gravesend on 23rd April.

NF local election candidate Ian Anderson booked Chantry Junior School for an election meeting. The Police allowed a mob of 700 Asians to occupy the school playground **two hours** before the meeting was due to start in the hope that Mr. Anderson would call the meeting off.

LAUGHING AND JOKING

Inspector Ivor Moore wandered about the Asian crowd laughing and joking with them.

However, Mr. Anderson, together with 25 campaign workers insisted that the Police clear a way to the hall.

The Police reluctantly complied, but this led to rioting during which three Policemen were injured and 20 Asians were arrested.

In Southall on 30th April an Asian mob rioted outside Dormers Wells High School. The school was to have been the venue for a meeting on behalf of NF GLC candidate Ernest Pendrous, but a booking was refused by Ealing Borough Council.

Enraged that they had no NF meeting to riot against the Asians attacked the Police and stoned passing cars.

In view of these incidents we can only say to Labour Home Affairs spokesman Roy Hattersley after his election meeting fracas in Swanley:

"Now you know what it feels like!"

SOUTHALL: Police go to the aid of an injured PC who was struck on the head with a brick hurled by an Asian rioter

GRAVESEND: Asians start to brawl among themselves preliminary to rioting against the Police in a school playground

SOUTH AFRICAN SPORTSMEN WELCOME-NF

TWENTY members of Blackpool and Fylde NF Branch staged a demonstration of welcome for a team of South African rugby players – the Pretoria Harlequins – when they arrived at Fylde Rugby Club's ground in Lancashire on 8th April.

The lively NF demo completely upstaged an equal number of Blackpool Anti Nazi League members.

Local NF Branch Chairman Alvin Hanson (*pictured far right*) told reporters: "We support the South African way of life."

JOE REMANDED

JOE PEARCE, Editor of the YNF paper *Bulldog*, attended Old Street Magistrates Court on 7th May in order to answer to five Race Act Summonses served on him on 30th March. This was simply a remand hearing preliminary to Committal proceedings. Joe was remanded to appear at the Court again on Thursday 30th July.

Twenty YNF members cheered Joe as he entered the Court and then held a *Bulldog* sales drive outside.

SLOUGH MEETING

FIFTY Slough and Thames Valley NF members attended a St. George's Day rally at Manor Park Hall, Slough, on 23rd April.

Speakers at the rally were NF Chairman Andrew Brons, National Activities Organiser Martin Webster and YNF Organiser and *Bulldog* Editor Joe Pearce. Mr. Tom Mundy, Slough Group Organiser, was Chairman. A pathetic counter-demonstration by Communists, Blacks and Asians and a hoax bomb threat failed to stop the meeting.

Anti-CND demo

POLICE moved fast in Burton-on-Trent on 3rd April when 70 CND demonstrators were ambushed by 20 NF members shouting "Smash the Reds!" The Reds were marching on the Town Hall to disrupt a banquet in honour of the crew of the nuclear submarine HMS Resolution.

As the Reds cowered behind a Police cordon, Burton NF Group Organiser Mr. Andrew Fearn told local pressmen: "We are at war with Communism."
